Here-tofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treat-ment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, &c., which require but a small quantity to cure. To overcome this, and in re sponse to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar pack-Rodler, and Judge S. S.
